

# CURABIS VAX Transfer 365 App

Version 24.1.0.20

## END USER LICENSE AGREEMENT FOR CURABIS 365 APPS

#### Last updated: 30. november 2021

This End User License Agreement ("EULA") is a legal agreement between You as Licensee and CURABIS ApS, CVR 36556153 and governs all use of any of CURABIS 365 Apps provided by CURABIS ApS.

By installing or having installed, subscribing to, or using a CURABIS 365 App, you accept this EULA (including any modifications made to it from time to time). If you do not accept this EULA, do not install, have installed, subscribe to, or use the CURABIS 365 App.

Your access to and use of a CURABIS 365 App is conditioned on your acceptance of and compliance with this EULA. This EULA applies to all visitors, users and others who access or use a CURABIS 365 App. You warrant that you are at least 18 years old, and you are legally capable of entering into binding contracts. If you are under 18-years-old, you warrant that you have obtained consent from your parent or guardian, and they agree to be bound by this EULA on your behalf.

By accessing or using a CURABIS 365 App you agree to be bound by this EULA. If you disagree with any part of this EULA, then do not access the App.

Upon installing and using a CURABIS 365 App, you are giving CURABIS the right to display your company name and logo on the company website for reference purposes, and to store such content. You can, however, at any time request to avoid getting your information published. You can do so by writing to <u>info@CURABIS.dk</u>.

## Notice Regarding License Validation.

Customer solutions in which the CURABIS 365 App is installed may periodically provide information to verify that the software is properly licensed and that the term has not expired. This information includes the customer identifier, App name, license serial number, App version number, and usage data. Aggregated data may be used to evaluate the effectiveness of our validation features. By using the CURABIS 365 App, you consent to the transmission of the information described in this paragraph.

## Subscriptions

CURABIS 365 Apps are billed on a subscription basis ("Subscription(s)"). You will be billed in advance on a recurring and periodic basis ("Billing Cycle"). Billing cycles are set monthly. At the end of each Billing Cycle, your Subscription will automatically renew under the exact same conditions unless you cancel it or CURABIS cancels it. You may cancel your Subscription renewal either through your online account management page or by contacting CURABIS customer support team.

A valid payment method, including credit card, is required to process the payment for your Subscription. You shall provide CURABIS with accurate and complete billing information including full name, address, state, zip code, telephone number, and a valid payment method information. By submitting such payment information, you automatically authorize CURABIS to charge all Subscription fees incurred through your account to any such payment instruments.

Should automatic billing fail to occur for any reason, CURABIS will issue an electronic invoice indicating that you must proceed manually, within a certain deadline date, with the full payment corresponding to the billing period as indicated on the invoice.

## Free Trial

CURABIS may, at its sole discretion, offer a Subscription with a free trial for a limited period ("Free Trial"). You may be required to enter your billing information to sign up for the Free Trial.

If you do enter your billing information when signing up for the Free Trial, you will not be charged by CURABIS until the Free Trial has expired. On the last day of the Free Trial period, unless you cancelled your Subscription, you will be automatically charged the applicable Subscription fees for the type of Subscription you have selected.

At any time and without notice, CURABIS reserves the right to (i) modify the terms and conditions of the Free Trial offer, or (ii) cancel such Free Trial offer.

#### Price changes

CURABIS, in its sole discretion and at any time, may modify the Subscription price for the Subscriptions. Any Subscription price change will take effect from then next Billing Cycle.

Your continued use of the Service after the Subscription price change comes into effect constitutes your agreement to pay the modified Subscription fee amount.

#### Refunds

Except when required by law, paid Subscription prices are non-refundable.

## Accounts

When you create an account with us, you must provide us information that is accurate, complete, and current at all times. Failure to do so constitutes a breach of the EULA, which may result in immediate termination of your account. You are responsible for safeguarding the password that you use to access the CURABIS 365 App and for any activities or actions under your password, whether your password is with our CURABIS 365 App or a third-party service.

You agree not to disclose your password to any third party. You agree to be fully responsible for activities that relate to your account or your password. You must notify us immediately upon becoming aware of any breach of security or unauthorized use of your account.

#### Termination

CURABIS may terminate or suspend your account immediately, without prior notice or liability, for any reason whatsoever, including without limitation if you breach this EULA. Upon termination, your right to use the Service will immediately cease. If you wish to terminate your account, you may simply discontinue using the CURABIS 365 App.

All provisions of the EULA which by their nature should survive termination shall survive termination, including, without limitation, ownership provisions, warranty disclaimers, indemnity and limitations of liability.

CURABIS shall not be liable to you or any third party for any claims or damages arising out of any termination or suspension, or any other actions taken by CURABIS in connection therewith. If applicable law requires CURABIS to provide notice of termination or cancellation, CURABIS may give prior or subsequent notice by posting it on the Service or by sending a communication to any address (email or otherwise) that CURABIS have for you in our records.

#### Indemnification

As a condition of your access to and use of the CURABIS 365 App, you agree to indemnify us and our successors and assigns for all damages, costs, expenses and other liabilities, including but not limited to legal fees and expenses, relating to any claim arising out of or related to your access to and use of the CURABIS 365 App or your breach of this EULA and any applicable law or the rights of another person or party. This indemnification section survives the expiration of your registration, and applies to claims arising both before and after the registration ends.

## Limitation Of Liability

You agree that CURABIS shall not be liable for any damages suffered as a result of using the CURABIS 365 App. In no event shall CURABIS be liable for any direct or indirect including but not limited to punitive, special, incidental or consequential damage (including loss of business, revenue, profits, use, privacy, data, goodwill or other economic advantage) however it arises, whether for breach of contract or in tort, even if it has been previously advised of the possibility of such damage.

You have sole responsibility for adequate security protection and backup of data and/or equipment used in connection with your usage of the CURABIS 365 App and will not make a claim against for lost data, re-run time, inaccurate instruction, work delays or lost profits resulting from the use of the CURABIS 365 App.

Without limiting the foregoing, in no event will our aggregate liability to you exceed, in total, the amounts paid by you to CURABIS.

## Disclaimer

Your use of the CURABIS 365 App is at your sole risk. The CURABIS 365 App is provided on an "AS IS" and "AS AVAILABLE" basis. The CURABIS 365 App is provided without warranties of any kind, whether express or implied, including, but not limited to, implied warranties of merchantability, fitness for a particular purpose, non-infringement, or course of performance.

CURABIS, its subsidiaries, affiliates, and its licensors do not warrant that a) the CURABIS 365 App will function uninterrupted, secure, or available at any time or location; b) any errors or defects will be corrected; c) the CURABIS 365 App is free of viruses or other harmful components; or d) the results of using the CURABIS 365 App will meet your requirements.

This disclaimer of liability applies to any damages or injury caused by any failure of performance, error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, theft, or destruction or unauthorized access or, alteration of or use of record in connection with the use or operation of the CURABIS 365 App, whether for breach of contract, tortious behavior, negligence or any other cause of action.

CURABIS make no representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability, suitability, or availability with respect to the content contained on the CURABIS 365 App for any purpose. Any reliance you place on such information is therefore strictly at your own risk. CURABIS disclaim any express or implied warranty representation or guarantee as to the effectiveness or profitability of the CURABIS 365 App or that the operation of our CURABIS 365 App will be uninterrupted or error-free. CURABIS are not liable for the consequences of any interruptions or error in the CURABIS 365 App.

## Governing Law

This EULA shall be governed and construed in accordance with the laws of Denmark, without regard to its conflict of law provisions. Our failure to enforce any right or provision of this EULA will not be considered a waiver of those rights. If any provision of this EULA is held to be invalid or unenforceable by a court, the remaining provisions of this EULA will remain in effect. This EULA constitute the entire agreement between CURABIS regarding our CURABIS 365 Apps, and supersede and replace any prior agreements CURABIS might have between CURABIS regarding the CURABIS 365 App.

## Changes

CURABIS reserve the right, at our sole discretion, to modify or replace this EULA at any time. If a revision is material CURABIS will try to provide at least 30 days notice prior to any new terms taking effect.

It is your sole responsibility to periodically check this EULA for any changes. If you do not agree with any of the changes to this EULA, it is your sole responsibility to stop using the CURABIS 365 App. Your continued use of the CURABIS 365 App will be deemed as your acceptance thereof.

## Contact Us

If you have any questions about this EULA, please contact CURABIS by phone +45 70 26 29 29 or by mail <u>in fo@CURABIS.dk</u>.

# CURABIS VAX Transfer 360 App

CURABIS VAX Transfer Integration is a standard extension for Microsoft Business Central that seamlessly connects your ERP system with MySupply's VAX Nemhandel solution.

This app is ideal for companies that need to automatically send posted invoices and credit memos to a VANS mailbox via MySupply VAX Nemhandel. Automation ensures that documents are delivered accurately and in compliance with Nemhandel standards, reducing manual work and increasing efficiency in your financial processes.

CURABIS VAX Transfer Integration leverages Microsoft's standard API, allowing for easy integration with other systems. With this app, you can streamline document dispatch, improve compliance, and ensure faster delivery to your VANS mailbox—all directly from within Business Central.

## Requirements

To use the CURABIS VAX Transfer 360 App, a service agreement is required with both MySupply and CURABIS. This ensures access to MySupply's VAX Nemhandel service and support for the seamless functionality of the app within your Business Central environment.

## Terms Used in CURABIS VAX Transfer 365 App

- 1. **OIOUBL**: Stands for "OIO Universal Business Language," the Danish standard format for electronic invoicing and document exchange. This ensures compliance with Nemhandel requirements. In CURABIS VAX Transfer 365, this setup is essential for sending documents in a format accepted by public sector entities and many private businesses.
- 2. VAX API: The VAX Application Programming Interface (API) connects Microsoft Business Central to the MySupply VAX Nemhandel service. Through this API, invoices and credit memos are automatically routed to a designated VANS mailbox, enabling streamlined document transmission.
- 3. **Enable VAX API**: Activates the VAX API integration within the app, allowing Business Central to communicate with MySupply's VAX service for document delivery.
- 4. VAX API Path: The URL endpoint for the VAX API, provided by MySupply. This path specifies where Business Central should send document requests, enabling connectivity with the VAX Nemhandel service.
- 5. VAX User Name and VAX Password: Credentials provided by MySupply to authorize access to the VAX API, ensuring secure data transmission between Business Central and the VAX service.
- 6. VAX Agreement No.: A unique identifier provided by MySupply representing the agreement for using the VAX NemHandel service. It is required for Business Central to recognize and connect with your specific VANS mailbox for document exchange.

## Configuration Requirements in Sales & Receivables Setup

To enable the CURABIS VAX Transfer Integration app, configuration is required within the **Sales & Receivables Setup** in Microsoft Business Central.

Customer Groups Payments	Automate $\lor$ Fewer	options		
General >				
Prices >				
Dimensions >				
Bank Deposits >				
Number Series > Background Posting >				
Number Series > Background Posting > OIOUBL				
Background Posting >	~	Document No. as Exte	•	
Background Posting > OIOUBL	~	Document No. as Exte		
Background Posting > OIOUBL Default Profile Code ···· BILSIM	~	Document No. as Exte	•••••	
Background Posting > OIOUBL Default Profile Code ····· BILSIM VAX API	~		••••••	
Background Posting > OIOUBL Default Profile Code ···· BILSIM	~	Document No. as Exte	•	
Background Posting > OIOUBL Default Profile Code ···· BILSIM VAX API Enable VAX API ···· •		VAX Password	······	

1. **OIOUBL Tab**: Ensure that the necessary OIOUBL settings are configured according to your organization's requirements. This setup helps manage document formats compatible with NemHandel standards.

- 2. VAX API Tab: Complete the following fields under the VAX API section:
  - Enable VAX API: Toggle this switch to activate the VAX API integration.
  - VAX is online: Displays the state of the VAX API.
  - VAX API Path: Enter the VAX API URL provided by MySupply.
  - VAX User Name and VAX Password: Input the credentials provided by MySupply for VAX API access.
  - VAX Agreement No.: Specify your unique VAX agreement number with MySupply.

By completing these fields, you ensure that Business Central is connected to MySupply's VAX NemHandel service, enabling the automated sending of invoices and credit memos to a VANS mailbox.

## Configuration Requirements Document Sending Profile

Once the setup in Sales and Receivables is complete, you need to create a **Document Sending Profile**. This profile must be added to all customers requiring electronic invoices in OIOUBL format.

Document Sending Profile	$\mathcal{O}$	Ê	+	1		
OIOUBL						
General						
Code	OIOUBL		Default			
Description	OIOUBL Document Sending Pro		Continia	eDocuments		
Sonding Options						
Sending Options						
Printer · · · · · · · · · · · · · · · · · · ·	No		Format		OIOUBL	
Email · · · · · · · · · · · · · · · · · · ·	No		Electronic	Document	No	
Disk	Electronic Document					

## 1. General Tab:

- **Code**: Enter a recognizable code for the profile assigned to customers requiring OIOUBL.
- **Description**: Type a description for the profile.
- **Default**: Set this profile as default if most customers require OIOUBL.
- **Continia eDocuments**: This field is only enabled when the proper Contina extension is installed. Choose no, if this option is installed and you can see this field.
- 2. Sending Options Tab: Configure the following fields:
  - Printer: No.
  - Email: No.
  - **Disk:** Electronic Document.
  - Format: OIOUBL.
  - Electronic Document: No.

By setting these fields, you ensure that Business Central creates electronic OIOUBL documents for automated dispatch to VAX NemHandel.

## Debugging the configuration

If you encounter issues accessing VAX NemHandel, you can check the settings by clicking the **"Assist Edit"** button next to the **VAX API Path** field on the **Sales & Receivables Setup** page in Business Central.

VAX API	
Enable VAX API	VAX Password
VAX is online	VAX User Name
VAX API Path · · · · · · https://vax01.vax360.dk:5	VAX Agreement No 191

This action opens the VAX Status page, which provides the state of your configuration.

Manage Actions $\lor$ Related $\lor$ Fewer options	
General	
VAX is online	User Name ······ VaxTransfer
VAX API Enabled	Upload Enabled
Agreement ID · · · · · · · 191	Download Enabled
Configuration Valid · · · · · Yes	
	Close

#### VAX Status Page Details:

- 1. General Tab:
  - VAX is online: Indicates the VAX API's status.
  - VAX API Enabled: Reflects the setting from the Sales & Receivables Setup page.
  - Agreement ID: Displays the agreement ID provided by the API response.
  - **Configuration Valid**: Verifies the validity of your credentials
  - **User Name**: Shows the username from the API response, typically matching the one in Sales & Receivables Setup.
  - **Upload Enabled**: The configuration og the system provided by the API response.
  - Download Enabled: Displays the system configurations provided by the API.

## Log functionality

The VAX Log functionality in our app provides detailed insights into the communication between Business Central and the VAX transfer system. This log helps monitor and troubleshoot the status of electronic document exchanges, ensuring transparency and accountability.

VAX Log entries
Document Date     Document Type     Response Status     Endpoint     File Name       04-12-2024 05:11     Success     https://vax01.vax360.dkc55555/VaxTransfer/Upload/Validate
Date     Type     No.     Status     Endpoint     File Name       04-12-2024 05:11     Success     https://vax01.vax360.dkc55555/VaxTransfer/Upload/Validate
04-12-2024 05:12 Success https://vax01.vax360.dk:55555//vaxTransfer/Upload/Ping
→ <u>04-12-2024 10:33</u> Invoice 103215 Success https://vax01.vax360.dk:55555/VaxTransfer/Upload/Upload CRONUS Danmark AS - Invoice 103215.XML

## Key Log Details:

- 1. **Date**: Displays the timestamp of when the document was processed, providing a clear audit trail.
- 2. Document Type: Identifies the type of document sent, such as:
  - Invoice
  - Credit Memo
- 3. **Document Number**: Refers to the unique identifier of the document in the system, ensuring easy traceability.
- 4. Response Status:
  - Success: Indicates that the document was successfully sent and processed.
  - **Failure**: Highlights issues in the transfer process, which can then be investigated.
- 5. **Endpoint**: Logs the specific endpoint URL that was called during the process, e.g., https://vax01.vax360.dk:55555/VaxTransfer/Upload/Upload, ensuring you can verify the target system.
- 6. **File Name**: Shows the exact file that was transmitted, such as CRONUS Danmark AS Invoice 103215.XML, helping users identify the content of the transfer.

This log functionality ensures that users can track every step of the document transfer process, making it easier to verify successful uploads, investigate errors, and maintain compliance. Regularly reviewing the log entries is essential for proactive monitoring of the integration.

## How to Configure Customer Documents for VAX NemHandel

After completing the settings, configure customer profiles to use VAX Transfer for document dispatch.

1. Navigate to the **Customer Card**.

#### 2. On the General tab, select the Document Sending Profile created for OIOUBL flow.

3. On the **Invoicing tab**, provide the customer's **GLN (Global Location Number)**, also known as the **EAN Location** or **EAN Number** when using OIOUBL.

Next, navigate to the invoicing tab and provide the customers GLN. Usually when talking OIOUBL, this number is called the customers EAN-Location or EAN-No.

## How to Configure Electronic Document Formats for VAX NemHandel

To use VAX NemHandel integration in Microsoft Business Central, it is essential to configure the **Electronic Document Formats** correctly. This configuration ensures that invoices, credit memos, and validation checks are processed seamlessly through the VAX transfer system using the OIOUBL (Offentlig Information Online Universal Business Language) standard.

nics 365	Business Central							<u>م</u> ۵	р Ф	۲	?
← El	lectronic Document I	ormats						√ Saved	0 5	7 <sup>4</sup>	
	ieneral ode		OIOUBL		Usage					~	
	🖪 Manage								Ŀ	7	
	Code 🕇 🐨		Description	Usage †	Codeunit ID	Codeunit Caption	Delivery Codeunit ID	Delivery Codeunit Caption	on		
$\rightarrow$	OIOUBL	1	OIOUBL Format (Offentlig Information Online Universal Business Language)	Sales Invoice	13636	OIOUBL-Export Sales Invoice					
	OIOUBL		OIOUBL Format (Offentlig Information Online Universal Business Language)	Sales Credit Memo	13637	OIOUBL-Export Sales Cr. Memo					
	OIOUBL		OIOUBL Format (Offentlig Information Online Universal Business Language)	Sales Validation	13629	OIOUBL-Check Sales Header					

Follow these steps to configure the electronic document formats:

## 1. Access the Electronic Document Formats Page:

- Navigate to the search bar (Alt+Q) and type **Electronic Document Formats**.
- Select the page from the search results.

## 2. Create or Select the OIOUBL Format:

- In the **Code** field, enter OIOUBL if not already present.
- Provide a description, e.g., "OIOUBL Format (Offentlig Information Online Universal Business Language)" to identify the format clearly.

## 3. Define Usage for Each Document Type:

- Assign the appropriate usage for each document type:
  - **Sales Invoice**: Maps to the relevant Codeunit ID, such as 13636, which handles export functions for sales invoices.
  - Sales Credit Memo: Configures export for credit memos (e.g., Codeunit ID 13637).
  - Sales Validation: Ensures document validation during the transfer process (e.g., Codeunit ID 13629).

## 4. Set Delivery Codeunits (if applicable):

• Specify the delivery Codeunit IDs and captions to manage document delivery processes, ensuring compliance with NemHandel requirements.

## 5. Save the Configuration:

• Once the configurations are complete, click **Save** to finalize the setup.

This configuration enables seamless integration with VAX NemHandel, allowing you to automatically send posted invoices and credit memos via a VANS mailbox. Ensure that all fields are accurately populated to avoid processing errors.

## Empower Your Business with CURABIS VAX Transfer 365

The CURABIS VAX Transfer 365 App is designed to simplify and enhance your document exchange processes, ensuring compliance with NemHandel standards while reducing manual tasks and increasing efficiency. With its seamless integration into Microsoft Business Central and robust configuration options, this app empowers your business to manage electronic invoicing effortlessly.

By following the setup and configuration guidelines in this document, you can fully leverage the capabilities of the CURABIS VAX Transfer 365 App to automate and streamline your workflows. Should you encounter any challenges during setup or operation, CURABIS is here to assist you with expert support and guidance.

We hope the CURABIS VAX Transfer 365 App helps your business achieve greater operational efficiency and compliance. For further questions or support, please do not hesitate to contact us at info@CURABIS.dk or +45 70 26 29 29.

Thank you for choosing CURABIS to support your business needs. We look forward to being a part of your continued success!
